Gateways/Artificially Inflated Traffic (AIT) CHROME TELECOM LTD does not allow SIMs to be used in any equipment which enables the routing of calls or data (including, without limitation, text or picture messages) from fixed apparatus or standard devices to mobile equipment, by establishing a mobile-to-mobile call or transmission. Nor does it allow the use of any equipment which enables the sending of bulk SMS, voice or data services.

During suspension, the liability for any access charges or calls will rest with the partner.

Roaming In line with Roam Like At Home legislation, we have introduced a Fair Usage Policy to ensure end user allowances are being used for purpose whilst roaming.

### Policy Terms

Inclusive roaming services on our mobile tariffs have been built for business users who travel periodically, and not those who roam across foreign networks on a semi-permanent or permanent basis.

If a customer uses their mobile in destinations outside the UK that qualify for inclusive access to standard bundles (this includes those countries that qualify for daily roaming services such as World Travel Select and/or legislation such as Roam Like At Home), and they have spent more time abroad than at home with their roaming use exceeding their domestic use, we will consider them a permanent roamer and charges will apply in line with our standard roaming out of bundle costs.

Please be aware that roaming activity will continue to be measured over a four-month period. Please note, CHROME TELECOM LTD reserve the right to disconnect subscriptions and apply a standard £30 Cease Fee per subscription, in instances where terminations occur due to breach of listed policies. Subject to change Our tariffs are subject to change. CHROME TELECOM LTD will ensure at least 30 days' notice is given before any changes take effect.
